My Awesome Lab

Data: 0

Money: 0

Discoveries

Electron

It's an electron. Seriously nothing special.

W-Boson

Discover (100000 data)

Higgs-Boson

Discover (1000000000 data)

HR Department

PhD Students

Underpayed and sleep-deprived but they get the job done.

You have 0 PhD Students

Hire (100 money)

Postdocs

Can do stuff for money.

You have 0 Postdocs

Hire (10000 money)

Some Challenges

- Interactive Event Display: too slow → optimise!
- Histograms → little value added → remove!
- **Interesting & educational?!**

Research

CP violation Level 2

Researching it will give you 1 reputation.

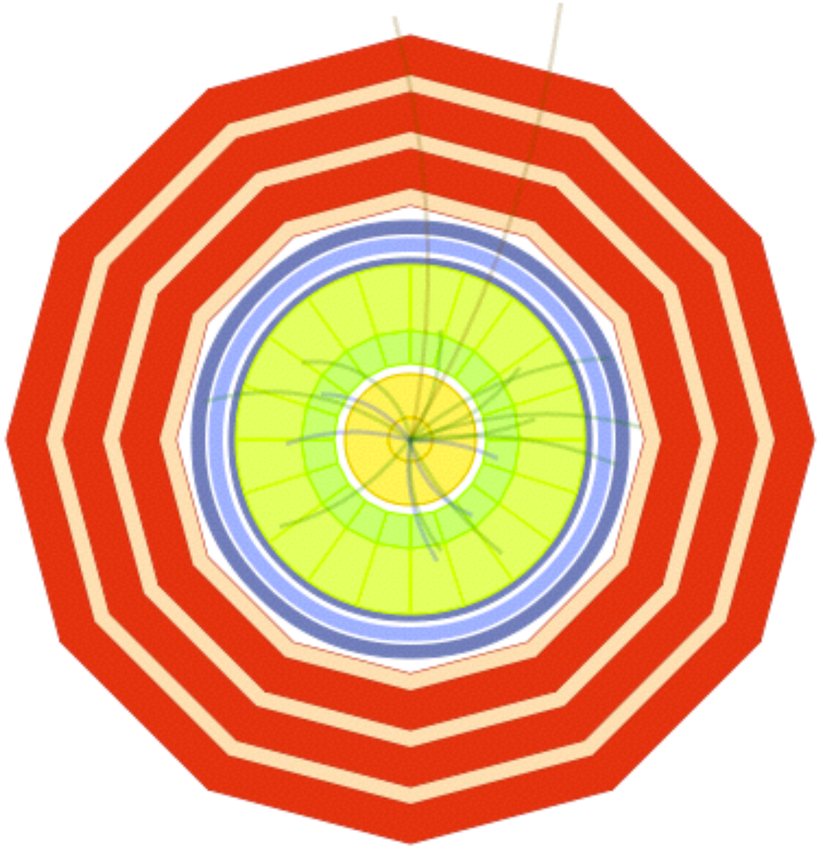
Research (20 data)

J/ψ Level 2

The J/ψ particle consists of two c quarks. Researching it will give you 5 reputation.

Research (210 data)

My Awesome Lab Click here to change the name



Data +6	Reputation	Funding +60
302	12	JTN 1.8k

HR

PhD Students 6

Basically slaves, just with fewer rights. They produce 1 data per second.

Hire (JTN 753)

Postdocs

Hire (JTN 2.0k)

Upgrades

Free beer

The work is easier when the worker is happy. Your slav... I mean your PhD Students will produce +2 data.

Buy (JTN 1.0k)

Accelerator upgrade

Increases the luminosity (you get 3 times more data with clicks).

Buy (JTN 1.0k)

Detector upgrade

Your amazing detector works with better efficiency (you get +4 data with clicks).

Buy (JTN 500)
